At the end of the program the trainees will be able to:

Basic Conversational Skills:

Engaging in simple conversations, such as greetings, asking for directions, and ordering food.

Travel-Related Vocabulary:

Acquire essential vocabulary related to travel, such as, accommodation, dining, shopping, and sightseeing.

Cultural Awareness:

Understanding of Japanese customs, etiquette, and social norms, especially those relevant to travelers.

Learning
Outcomes

Absolute beginners

- Anyone with an interest in Japan and the Japanese language is welcome to participate.
- You will study basic grammar along with phrases useful for tourism, making this course suitable even for those who want to study Japanese as a hobby. If you wish to continue studying Japanese more seriously after this course, please take Japanese 1 .

Target Audience

Textbook: Handouts will be provided

- The course makes extensive use of beautiful, up-to-date visual and audio material.
- Various role-plays are carried out using the phrases learned
- **The materials for this class are written in Romanized Japanese (romaji), so it's not a problem if you can't read hiragana.**
